CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

SGOI, COE offers four years full time U.G. program affiliated to SPPU, Pune. The program offer specialization like E&TC, Computer, Mechanical and Civil engineering as per the syllabus guidelines laid down by the SPPU. SGOI, FOM offers two years full time MBA program affiliated to SPPU, Pune. The program offer specialisation like Marketing, Finance, Human Resource, Operation and Supply Chain Management etc. as per the syllabus guidelines laid down by the SPPU. Institute follows a systematic approach to implement and monitor effective curriculum delivery in following manner

1. In the beginning of each academic year, the affiliating university provides guidelines regarding, a. Commencement date of Semester b. End date of the Semester c. Examination dates d. Holidays
2. Above details are considered for preparation of academic calendar that includes planning of curricular, co-curricular and extracurricular activities such as Industrial Visits, Seminars, Workshops, Guest Lectures, Cultural and sports events.
3. With these inputs head academics of the institute prepares its academic calendar with the consultation of the Director/Principal.
4. Allocation of the courses to the faculty members is done by head academics considering area of specialization. These course distributions finalised and communicated well in advance.
5. Each subject file has detailed session plan which contains innovative methods of teaching with syllabus, time tables, academic calendar, course objective, concurrent evaluation details, teaching notes, question bank, lesson plan status report.
6. The subject file is evaluated and approved by need academics.
7. Syllabus and course work is discussed with students at the beginning of the semester by conducting course orientation. Future plans for action for next academic year • Faculty Development Programme. • Signing MOU's with industries for students training and project work. • Strengthening Innovation and Entrepreneurship development cell. • Increasing number of events related to Institutional Social Responsibility activities.
8. Head academics monitor's academic activities on day-to-day basis to ensure the execution of time table. He also monitors execution of academic calendar and teaching learning process after every 15 days and conveys it to Director/Principal for necessary action.
9. The faculty members are motivated to adopt innovative teaching practices.
10. Faculty is allocated a group of students as a mentor. Mentor conducts meeting in regular interval and does counselling for poor performing students. Mentor takes care of non-academic issues of the students.
11. The academic performance of students is continuously monitor by conducting course-wise concurrent evaluation, MCQ examinations during the semester.
12. The remedial classes are conducted for the students having poor performance during the evaluations.
13. Expert lectures, Seminars, Workshops, competition are conducted to supplement classroom teaching for effective implementation of curriculum. The college receives regular updates of circulars through letters and e-mails from the university, regarding the faculty programs and change in the schedule of examination. Timely meetings are conducted and instructions are given so that the implementation of all the activities are ensured as per the plan.

1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained
<p>The purpose of this Policy is to provide a framework for obtaining, summarizing and documenting information on student and stakeholder perceptions of the quality and effectiveness of the Institute's curriculum for use in program evaluation, accreditation and other academic quality assurance processes and activities. The scope of this Policy covers all the programs run by SGOI College of Engineering and Management, Belhe. Specifically, this Policy provides a framework for:</p> <ol style="list-style-type: none"> 1. Monitoring and improving the quality of students' learning experiences through the timely collection, analysis and reporting of student feedback concerning teaching, learning and assessment. 2. Providing students and stakeholders with the opportunity to actively participate in the continual improvement of programs. 3. Recognizing, documenting, supporting and extending good practices for effective implementations of curriculum provided by affiliating University. 4. Ensuring the provision of information to students and stakeholders regarding the consideration of feedback collected over time, including actions taken to address concerns raised in any feedback received. 5. The Academic Coordinator and the Administrative officer are jointly responsible for the collection, analysis and reporting of stakeholder feedback relating to academic programs. 6. Coordination of responses to feedback will be the responsibility of the Heads of Departments. 7. All students and stakeholders have the opportunity to provide feedback. 8. Student feedback is a core component of program evaluation but feedback is also sought from Alumni, Graduates, Parents, Industry partners and Academic peers. 9. Feedback processes will be systematic, rigorous and respectful of the rights of students and staff and will incorporate strategies to maximize student participation. 10. A range of feedback mechanisms including surveys, focus groups, informal comments and other participatory activities will be employed as appropriate. 11. The Institute seeks student feedback in a form which can be captured, analyzed and reported every time a course is delivered through course end survey. 12. A core set of questions will form the basis of a survey deployed to systematically evaluate teaching and learning in all UG PG courses. 13. Stakeholder feedback will be collected as required for specific purposes using methods appropriate for the specific feedback sought. 14. All the feed backs received from various stakeholders are summarized and analysis is carried out at department level. 15. Recommendations made from the feedback comprise, recommendations to Board of studies for changes in the syllabus of the university and the suggestions made to management on procurement of facilities and equipment. 16. Recommendations received from the heads are discussed in HODs meeting and forwarded to management for approval/sanctions. The whole objective of this

policy is effective implementation of Curriculum for better learning and continuous improvement of the processes and practices.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Institute has mentoring system for newly admitted students. The students from various socio-economic backgrounds from rural, Semi-urban and urban region get admitted. Mentoring students is a unique, interactive and target oriented system involving student to address common student concerns ranging from anxiety, stress, fear of change and failure to home sickness and a slew of other academic worries. It is a process of creating a supporting relationship with teachers, parents and students aiming at comprehensive development of students. In this activity, mentor helps a less experienced student to bring with them a higher level of experience for values of life. Mentoring helps to shape an individual's beliefs and values in a positive way. For all these difficulties,

mentor has to help them to come out and gain confidence. Institute has appointed a mentor who helps fresher's to overcome their language, emotional, behavioural difficulties. There are many benefits of mentor-ship in student development that includes communication, interpersonal relationship, technical, verbal and leadership skills along with creative thinking and motivating students for extracurricular activity. Counselling the students and teachers is the distinguished activity carried out at SGOI COE FM to prepare the students and teachers to face the real time challenges in the lives to handle isolation, anxiety, depression and other health problems. During the Induction program students are made aware about the counsellor and the type of help counsellor can provide to the students to overcome difficulties faced by them. Through counselling, individual can explore alternatives, build on individual strengths and develop new skills. The feelings and concerns about family, friends, health and work deserve attention. Counselling gave the opportunity in a quiet and supportive environment to take the time to stop, think and plan. With sensitive and caring feedback, students will gain new awareness and learn to deal with challenges in new and productive ways. The process of mentoring includes appointment of teachers as mentors to the students of each class. This ensures that every student is allotted a mentor. Students allocated to specific mentor will remain with him/her till the completion of the semester. The mentor establishes the contact with the parents through telephonic discussion appraise them about the development of their ward. The timely and extensive implementation of mentoring generates healthy interaction between students, parents and teachers and results in less student grievances. The Mentoring activity at SGOI COEFM is helping the students for overall comprehensive development

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Various evaluation reforms initiated by the University that are adopted by the Institution are as

- Online exams for first and second year students, In-Semester exam for third and final year students, Practical, oral, TW theory exams at the end of the semester as per the University schedule and time table
- As per the requirement of the University, the Institution has deputed approved faculty at the post of College Examination Officer (CEO) for better co-ordination among the Institution and the varsity for various University exams
- Paperless submission of marks i.e. online submission of TW, practical/oral marks to the University
- The Institution has adopted credit based system for UG PG programmes, Online appointment of internal examiners for TW, practical/oral, In-semester exams etc. In addition to this, various evaluation reforms initiated by the Institution on its own are:
 - Prelim examination for all students
 - Mock online examination for F.E. and S.E.
 - Unit test for all students
 - Mock practical/oral examinations
 - Project, seminar reviews
 - Technical and aptitude skills assessment
 - Institution encourages students to use reputed research papers for seminars and projects to inculcate research culture among students.
 - Conduction of mock interviews for last year students and council them for improvement.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

At the beginning of each academic year, the affiliating university (SPPU) provides guidelines about the academic schedule of the semester which includes the dates of commencement and end of the semester, schedule of examinations, etc. Accordingly, the Academic Monitoring Committee, Dean Academics after taking suggestions from Principal prepares an academic plan for the institution in the beginning of a semester. After approval of the academic plan, the respective department prepares an academic calendar of the department. It includes a schedule for unit tests, term end exam, technical events, guest lectures, parents meet, co-curricular and extra co-curricular activities of the department. Academic calendar of each department is displayed on the institution website and also circulated among the faculties and students. In concurrence with the academic calendar, mock online tests are conducted for the first year and second year engineering and MBA students to practice university online examinations. Unit tests are conducted for the third and fourth year engineering students to practice for university in-sem theory examinations. The record of a continuous assessment is maintained by the subject teacher and performance of students is evaluated at the end of a semester. A periodic review of the progress of the syllabus is taken and extra hours are added in time table to meet the academic deadlines. The institution faces some problems in following the academic calendar due to late admission of direct second year students. In such cases academic monitoring committee forms a new class or schedules extra lectures to cover the syllabus in due course of time. Periodic audits are taken to review the syllabus coverage and related academic activities. The HODs, in turn, organizes departmental meetings and initiate the required steps for syllabus completion. Faculties prepare teaching plan and session plan according to curriculum of SPPU. The staff members adhere to teaching plan and deliver the lectures according to methodologies decided in the plan. Continuous internal evaluation is carried out during practical sessions and to have one-to-one interaction with students. Regular review is conducted by faculties to monitor the progress of syllabus coverage.

2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

The aim of forming Students Council is to involve the students in academic, cocurricular extracurricular activities. Through these activities Students Council members learn planning, organization, analysis, estimation and execution along with trouble shooting, which help in their comprehensive development. Student council is elected every year having the representatives from every branch of the Institution. The student council strives for overall effective functioning of day-to-day activities. The Institution has student representatives on academic and administrative bodies concerning their interest. The students approach the student representatives in case of queries or problems related to hostel, mess, canteen, extracurricular activities and sports etc. which, further, are reported to the faculty member by the representative. Following is the narrative of functions and events conducted by various Committees: 1. Student Grievance: This committee addresses student grievances and maintains harmony and discipline among the students 2. Anti Ragging: This committee ensures zero ragging incidents in the Institute and also spreads awareness among students against any type of ragging activities. 3. Cultural: This committee coordinates various cultural activities and events throughout the year. "Samarth Youth Festival" is annual social gathering which showcases cultural talent of students. 4. Extension Activities: Any education is incomplete without social awareness. "NSS Committee" is active in carrying out different activities such as Blood donation Camp, Swachha Bharat Abhiyan,

Principal along with Head of Departments and Governing body members of SGOI College of Engineering, Belhe Alumni Association were present. Total participation for the event was 197 including Alumni, faculties and GSA Committee. The event started with an open house where alumni interacted with the College faculties and they also visited the department which was along with tea and snacks. A cultural program was presented by students of the college. There was an open session where the alumni participated with full zeal and enthusiasm to relive the old memories for the time spent in the college. The Alumni Meet was smoothly organized as per the schedule and concluded with lunch at 03.30 pm.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The mission of SGOI-COE FOM is to enhance awareness and admissions for technical and management courses in rural areas. With this aspect in mind, we provide good academic facilities, infrastructure and knowledge to students with a key aim to make them competitive. The institute continued with decentralization practices and participative management a various level described as follows. Institute has vision and mission which are futuristic in nature. They satisfy the needs of society through involvement of each one in the process. The governance comprising of Governing Body (GB), Local Management Committee (LMC) now termed as College Development Committee (CDC) and Internal Quality Assurance Cell (IQAC) play significant role in the evolutionary reforms towards positioning the Institute in the preferred list of all stake holders. The Institute believes in promoting a culture of delegation of powers through strategic policies. The Principal of Institute is assisted by HODs, Administrative Head, and Section in charges and coordinators of various cells/committees in decision making process of the Institute. Faculty and staff are assigned with the roles and responsibility to work in a harmonious environment with complete transparency. IQAC has a well-developed process to ensure quality benchmarks of academic and administrative activities. The Institute maintained the culture of retention of Faculty and hence has an edge of senior and dedicated Faculty for realizing its Vision. Institute follows recruitment policies and service conditions as per the rules and regulations of regulatory authorities. Fair representation of women faculty is also ensured at all levels of organization and congenial environment is fostered. Based on the Vision and Mission of the Institution, Quality Policies are framed and driven by the needs of the corporate world, society and stakeholders. Institute has a

perspective plan developed by Principal and HOD's with suggestions of IQAC and GB. Deployment of the quality policy is done by providing requisite academic infrastructure, learning environment and harmonious work culture. Student's surveys and feedback from all the stakeholders plays vital role in framing and revising policies. Internal Quality Assurance cell (IQAC) formulates perspective plan taking into consideration inputs from all stake holders. This plan is presented and deliberated in Institute Development Committee under the chairmanship of Principal to get consensus. This plan is forwarded to the governing body for approval. The Institution policy believes involvement of all staff in decision making and implementing the decentralized decision policy. To streamline the same, various committees at Institute level are formed which look after academic and administrative activities which lead to the realisation of vision and mission of the Institute.

6.1.2 – Does the institution have a Management Information System (MIS)?

No

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	The Institute follows the curriculum approved by SavitribaiPhule PuneUniversity (SPPU). Our faculty members participate at various bodies of the university such as Academic Council, Board of Studies (BOS), and Subject Chairmen who contribute in framing of syllabus regularly. Institute has its own stakeholder's feedback policy in place. The purpose of this Policy is to provide a framework for obtaining, summarizing and documenting information on student and stakeholder perceptions of the quality and effectiveness of the Institute's curriculum. All the feedbacks received from various stakeholders are summarized and analysed. The recommendations are communicated to the BOS for curriculum revision.
Teaching and Learning	Academic coordinator of the department monitors the teaching learning process, and prepares a report which is periodically shared with the Institute Academic Coordinator. The academic coordinator monitors the following teaching learning activities: 1. Conduct of lectures and practical's as per the time table 2. Preparation of the list of defaulters whose attendance is less than 75 3. Conduct of makeup classes for the defaulters 4. Coverage of the curriculum as per the syllabus 5. Continuous assessment (CAS) of the practical's 6. Conduct of project and

seminar presentations 7. Conduct of the unit tests as per the plan 8. Analysis of test results 9. Assignments as per the plan Activities of the Academic monitoring are periodically reviewed by the Principal and corrective actions taken.

Industry Interaction / Collaboration

Interaction with industry for providing industrial exposure to students and faculty is of prime importance at SGOI College of Engineering management. For strengthening the teaching learning process, institute has initiated One Faculty One Industry practice. This has helped to improve interaction with industry with the involvement of every faculty. Institute has tried to standardize the difference processes in order to strengthen interaction with industry. At the start of semester, every subject teacher has to plan industrial visit and expert talk by industry expert by providing all the details to the department such as industry details, planned date of conduction, budget required for the same, etc. All these activities should be for assigned subject for the faculty. Apart from, industry visit and expert talk, every department has to plan one / two day training programs in association with industry for the students. Plan sheets are kept in the department and Head of Department take review and monitor the conduction of all the planned activities as per the planning. Value added courses for the student in association with industry is another major aspect where institute is focusing. At the end of semester, standard formats are made available to the department to compile all the activities conducted in association with industry and summary sheet of the same is also prepared and communicated to all the departments for analysis and future plans.

Examination and Evaluation

The affiliating University prescribes the overall Evaluation Examinations process. For theory courses, the assessment is carried out by Online Examination (for FE / SE) InSem Examination (for TE / BE) as an internal examination of 50 and 30 marks respectively. The End Semester Examination of 50 (for FE / SE) and 70

(for TE / BE) marks carries out the final assessment of each course. Since the InSem exam for FE /SE is online, the assessment is computer based, whereas the assessment of TE /BE InSem exam is carried out at CAP center at college level. The assessment of End Semester Examination is carried out at CAP center organized by the affiliating University for FE to BE. The Lab Practice, Project, tutorials, Seminar and Term Work is continuous assessment based on work done, attendance, understanding and submission of work in the form of report/journal. It is monitor and assessment by the subject teacher. At the end of the semester, Practical/Oral/Presentation is to be conducted and assessed jointly by internal and external examiner appointed by the affiliating university. Whenever any new system of evaluation is introduced at university, the same is first discussed at faculty meeting and then at college level for effective implementation. The schedule and the structure of the internal as well as for end semester examination is prepared by the affiliating university and displayed on the college notice board. The college has adopted evaluation system based on university pattern. Following are the two major reforms made by the affiliating university in the academic year 2019 20. 1. Introduction of INSem exam at first year engineering, similar to TE/BE InSem exam. 2. Provision of Internal Squad for End Semester examination to restrict malpractices, if any. To ensure fair practices and transparency are maintained in the conduction of examination.

Research and Development

Institute is having Research and Development Cell with the following objectives

- To create awareness for Research and Development among faculty and students.
- To create interest and motivate faculty to take up research projects in cutting edge technology.
- To inculcate research attitude in students.
- Motivate and facilitate students and faculty to solve social challenges through technological innovations.

Institute conducts Lectures, workshops to create awareness for Research and Development in Faculty and students.

<p>Library, ICT and Physical Infrastructure / Instrumentation</p>	<p>Library is using LMS 21 software for Library Automation Open Source softwares like Calibre are used for E Books Management and Institutional Repositories. Information Kiosk is kept at library entrance for OPAC search facility. Digital library and wifi system is available in library for utilization of Eresources. NPTEL Local chapter is coordinated by Library. Library is using social platform like blog and face book for information dissemination.</p>
<p>Human Resource Management</p>	<p>Key points of human resource management of the college are as follows Recruitment through the Local Staff Section Committee Staff requirements are obtained from all Heads of Department and reviewed by the Principal. Approval is taken from the management Advertisement in leading newspapers and Institute website Conducting interviews by Local Staff Section Committee Annual appraisal of all faculties done by HOD and reviewed by the Principal Promotions of the faculty decided through the Staff Selection Committee Annual increment decide by management based on annual appraisals</p>
<p>Admission of Students</p>	<p>To improve admissions, followingsalient activities are being done: Banners are placed a prominent locations around Junnar Advertisements in leading newspapers Brochure of the Institute is prepared Collegemagazine is also prepared. Finance and Accounts	<p>Finance and accounts section uses Tally and excel for carrying out various accounting activities. Accounting activities carried out using Tally software are: a. Cheque printing b. Cash Book/Bank Book maintenance c. Maintenance of ledger d. Fees register Following tasks are achieved using microsoft excel: a. Preparation of salary bills b. Preparation and maintenance of student's fees record</p>
Student Admission and Support	<p>The admission is done by the component authority i.e Admission Regulating Authority, once the allotment is done, we follow the following procedure. Online Admission Process 1. All the eligible students have to fill the online form on the 'dte.org.in web portal and scan the relevant documents. After filling the form the students have to take 2 prints out and visit the Facilitation Centre allotted by Directorate of Technical Education (DTE). Along with the form they have to carry the attested copies of all their original documents. 2. After the online admission form is approved by facilitation center, a student is eligible for admission under engineering and MBA course. 3. Display of Merit list 4. Filling of option form 5. Display of allotment list 6. Visiting the Admission Reporting Centre for confirmation of admission 7. Reporting to the allotted institute for</p>

- 2) Students encouraged to use Public Transport/College Bus instead of Personal Vehical.
- 3) Rain Water Harvesting.
- 4) Bio gas Plant.
- 5) Green landscaping with trees and plants.
- 6) Pedestrian friendly road.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

BEST PRACTICE-I

1. Title of the Practice: Industrial exposure to Student

2. Goal Objectives of this best practice are to expose our students to industrial aspects and make them industry ready. So as to empower them with current Industry needs and job requirements.

3. The Context Earlier much more stress was laid on only theoretical knowledge in the case of engineering study without any emphasis on practical learning. However, this concept has completely changed today. Nowadays, as any engineer graduates have various career opportunities in different fields, it is also important for them to have an industrial exposure before starting their career. Actually, it is the responsibility of teachers to play this vital role in making current engineering education relevant to both business and industry.

4. The Practice Efforts taken for the same are mentioned as follows:

- Training Centers of different companies such as TAFE, TATA, and TOYOTA KIRLSOSKAR and Bridgestone Tyre etc. With their Training course in our campus
- Students enthusiastically participate/ publish their ideas in National/International Conferences and Journals
- Centre for PMKK under National Skill Development Corporation Scheme of MHRD's Govt. of India Centre organized jointly with Funfirst Global Skillers Pvt. Ltd.
- Expert/Guest lectures are conducted for students by Industry Professionals for imparting knowledge of latest trends in Industries.
- Technical events are organized to improve professional and technical skills of students to enhance their employability.
- Various student associations such as CESA, MESA, ETSA, ACES are formed. Technical and non - technical events are organized under the dynamic leadership of student coordinators of each student association.
- Industrial visits are organized to understand professional work culture of Industries

5. Execution Problems

- It is difficult to find the right person from the industry who can authoritatively deliver sessions on the latest technologies

BEST PRACTICE-II

1. Title of the Practice: Industry Institute Interaction

2. Goal Objective is to enhance coordination with Industry through MoUs, Center of Excellence, sponsored projects, industrial visits and in-plant training for students and faculty members.

3. The Context Institution has taken initiative to interact with various industries through Industry Institute Interaction committee that maintains professional relations with industries. Industrial visits are arranged for students and faculty members to gain practical exposure and keep abreast their knowledge. To achieve academic excellence, students are encouraged to interact with industries and research organizations through FDP, industrial visits, sponsored projects, trainings, internships, consultancy etc. Industry professionals are regularly invited for sharing their knowledge with the students. It opens up a fresh avenue to young enthusiastic minds and faculty members to develop skills across diverse areas including managerial skills, social responsibilities and Industry liaison.

4. The Practice Activities of This Practice are as follows

- Institute signed MoUs with reputed MNC companies under Industry Institute Interaction cell i.e. TATA MOTORS, TATA Strive by TATA Community Initiatives Trust, TAFE TRACTORS, and TOYOTA etc.
- Training Centers of different companies such as TAFE, TATA, and TOYOTA KIRLSOSKAR and Bridgestone Tyre etc. With their Training course in our campus
- Centre for PMKK under National Skill Development Corporation Scheme of MHRD's Govt. of India Centre organized jointly with Funfirst Global Skillers Pvt. Ltd.
- We have Training Centre for Tractors and Farm Equipment Limited (TAFE) Limited, Tamil Nadu. The first and only educational institute in India to have training center on campus.
- Training Centre of TATA Strive, TOYOTA etc for Provide training to Final Year BE and nearby 10th, 11th, and 12th class

pass fail interested 5. Problems Encountered • Lack of sponsored project for final year students.
